Ruthwell Church improves provision for disability

We have a new **Induction Loop System** installed in the Murray Aisle and new **Flexible Microphone Sound System**, installed at the pulpit and the Communion table and a new **Sound Controller System**.

Great news for everyone! If you wear a hearing aid please tune into the new induction loop system by switching to your **T-position** and sitting anywhere in the **Murray Aisle**. If you don't wear a hearing aid, but are affected by some hearing impairment, you will still benefit from the new microphone to speaker system. Please feedback to Rob about the sound levels for your needs.

The **Induction Loop System** is funded by a kind donation from Freda McKune in memory of Jim McKune, Ruthwell's former Session Clerk. Many thanks to Freda for this thoughtful support.

A new **ply floor** has been fitted this week to provide a smooth surface for new **commercial non-slip flooring**, which will be bonded to the plywood over the next two weeks. The surface texture and colour of the new flooring is designed to improve ease of access for mobility impaired, visually impaired and those suffering from dementia. The surface will be hardwearing and hygienic and also really practical in our new coffee fellowship area behind the organ.
